

Capability Statement

WRK LAB creates custom, innovative workplaces that inspire creativity and productivity. We are a full-service dealership offering premium office furniture and architectural products along with thoughtful, creative office planning. We believe every one of our clients should be delighted when experiencing their new workspace, so our approach is to deliver first-class services and impactful spaces every time.

WRK LAB also has a full-service, commercial move and project management division that provides storage solutions, asset management, business-to-business relocations and furniture decommissions and removal.

A minority-owned small business with SBA 8(a) certification, WRK LAB is committed to creating innovative solutions that further our Federal and State clients' business goals.
